

Computing & Enterprise

Component 3: Promotion and Finance for Enterprise

40% Externally assessed

Component 2: Planning for and Pitching an Enterprise Activity

30% Centre-assessed

YEAR 11

BTEC Tech Award Digital Information Technology (DIT)

Component 3: Effective Digital Working Practices

40% Externally assessed

Component 2: Collecting, presenting and Interpreting Data

30% Centre-assessed

Component 1: Exploring User Interface Design Principles and Project Planning Techniques

30% Centre-assessed

YEAR 10

BTEC Tech Award Enterprise

Component 1: Exploring Enterprises

30% Centre-assessed

In years 10 and 11, you can opt to continue studying Computing and Enterprise by choosing **BTEC Enterprise** or **BTEC Digital Information Technology**. There are detailed curriculum rivers available for each of these subjects.

I am learning to plan and run an enterprise.

I am learning to understand the digital technology sector.

I am learning to develop technology to improve my society.

Impact of wearable technology on society

I am learning to understand and apply computational thinking

Pitch a business plan

App development

Digital technology sector

Research methods

Wearable Tech

Wearable technology DT collaborative project

Types of business

Enterprise challenge

YEAR 9

Digital Careers

Create goods or services

Ethics

Local businesses

Business innovation

I am learning to understand project planning techniques

I am learning to understand the features of a successful business

Represent navigation algorithms

I am learning to understand and develop enterprise skills.

I am learning to create an interface.

I am learning to understand interface design principles.

Microbit Coding

Successful businesses

Enterprise Skills

Interface Design

Demographics

YEAR 8

Computational thinking

Entrepreneurs

Promote and present

Refine interface

Design brief

I am learning to develop skills to use a range of internet services

I am learning to understand why and when computers are used.

I am learning to use effective web searches and search engines.

I am learning to use technology responsibly and report concerns.

Risks of digital technology

Digital footprint

Introduction to the school network and digital working

Cloud storage

How computers are used

Embedded systems

Reporting on digital concerns

Using the school network

YEAR 7

Computer Systems

Input, output and storage devices

Using search engines

Cloud services
