

# SIMS PARENT APP

## QUICK SETUP GUIDE

The SIMS Parent app allows us to easily communicate with you, the parent/carer. Whether it's sharing information such as attendance, termly assessments, conduct, school reports and sending messages to or from the school. The app also allows you to keep your child's information up to date! All of the information is easily accessible from the convenience of your smart phone, tablet or PC.

We can now easily send automated alerts and notifications directly to your phone! By sharing information with you on attendance, termly assessments, timetables or school reports and conduct, you can stay on top of your child's progress. A clear dashboard gives you an overview of your child's school life and the data collection functionality within the app and website lets you easily update your contact information too.
