Dear parent

Parent Governor Election

One vacancy exists at your child's academy for a Parent Governor with immediate effect. Governors serve a four-year term.

If you are a parent of a registered pupil at the academy (or an individual who has parental responsibility for, or cares for a registered pupil at the academy), I am writing to you on behalf of Education Services, to seek nominations for this Parent Governor position.

You would be expected to attend Governing Board meetings at least once a term. When appropriate, these meetings can be conducted virtually. Working alongside the Headteacher, governors' responsibilities now include :-

- attending meetings regularly and contributing to discussions. Governing Boards must meet at least three times per year.
- helping to establish the aims, policies and objectives of the academy, and how standards of education can be improved
- helping to draw up a Development Plan
- setting the academy budget and monitoring expenditure
- ensuring that the national curriculum is implemented and hearing any complaints about its delivery
- appointing, promoting, supporting and disciplining academy staff, and deciding their salaries
- acting as a link between the local community and the academy
- producing an action plan after an OFSTED inspection and monitoring how the plan is put into practice

- considering cases of pupil discipline
- establishing a Performance Management Policy
- ensuring accountability

You do not have to be an expert on education to be a member of the Governing Board, and we value the contribution that all members bring to the role. Nevertheless, a key consideration in the appointment and election of all new governors should be the skills and experience the Governing Board needs to be effective. It is therefore important that all prospective governors for election or appointment understand the role of a governor and that they will be expected to adhere to a governance Code of Conduct.

Consideration should be given to any specific skills or experience you could bring that would be desirable in a new governor, such as the willingness to learn or skills that would help the Governing Board improve its effectiveness and address any specific challenges it may be facing. Training and development will be provided via the academy.

You may self-nominate, but if you wish to nominate another parent you should seek their approval before submitting the nomination.

If you would like to be nominated as a Parent Governor please email your **full name, date of birth along with the name of the academy, name of your child and their year group** to william.harrison@togetherforchildren.org.uk. You may submit a nomination in writing. Please ensure these are hand delivered or posted to the school in line with the closing deadline of noon on 16th April 2021.

Further to this, please send a personal statement of no more than 250 words.

Your statement may include:

- evidence of the extent to which you possess the skills and experience the board desires;
- your commitment to undertake training and development to acquire or develop the skills to make an effective contribution to governance;
- if seeking re-election, details of your contribution to the work of the board during your previous term of office; and
- how you plan to contribute to the future work of the board.

If a greater number of nominations are received than spaces the academy will implement a ballot procedure. More details of this will follow if necessary.

It should be noted that the appointment of a Parent Governor will be subject to a satisfactory Disclosure and Barring Service check (DBS). The Council is responsible for processing these checks on school governors and candidates can be assured that all information is treated in absolute confidence.
